

# How to deposit checks with the Wells Fargo Mobile<sup>®</sup> app

Visit [wellsfargo.com/mobiledeposit](https://wellsfargo.com/mobiledeposit) to learn more.

Sign on to the app, select **Deposit** from the bottom bar (image not shown), then follow these simple steps.

Select the account you want to deposit the check into. Then select Amount.

Deposit cutoff time is 9:00 p.m. Pacific Time.

Funds are generally available the next business day if the cutoff time is met and no hold is applied.

Enter the amount of your check, then select Continue.

When you deposit a check to an eligible account you'll see your mobile deposit limits.<sup>1</sup>

Take photos of the front and back of the check. If a hold will be applied to your deposit, you'll see a message, including when funds will be available. You can choose to cancel the deposit at this time.<sup>2</sup>

Write "Mobile deposit on <date>" on the front of the check when you're done. Keep the check secure for five days to ensure it clears and then destroy it.
